

REFURBISHED PRODUCTS

DELIVERING QUALITY AND SIGNIFICANT COST SAVINGS

In a business environment made even more competitive by economic changes and global concerns, it is smart decisions that turn challenges and obstacles into alternatives and opportunities.

When you're looking for the savings advantage of refurbished equipment, look no further than ConvergeOne. Choose from hundreds of popular products that are refurbished to original manufacturer specifications. Like brand new systems, all of our refurbished products carry a full one-year warranty.

Dedicated Facilities and Certified Experts

The ConvergeOne Repair and Refurbishment Center is staffed by highly trained professionals who repair, refurbish, and test equipment so that it performs like new. Utilizing advanced testing and troubleshooting techniques in our lab, our processes meet the highest quality standards. Additionally, unlike many companies, we use our own in-house technicians to repair and refurbish your equipment – allowing us offer lower pricing and superior equipment to you.

Product Buy-Back Pays You

To maintain a sizeable inventory of products, ConvergeOne regularly seeks equipment that we can purchase, restore and resell. This is why we offer best-of-market rates to purchase used telephones and other excess equipment that you may want to replace or no longer need.

When ConvergeOne receives your equipment, we will send you a check or issue a credit toward a future purchase – your choice. It's that easy!

EXPERIENCE COST SAVINGS TODAY

At ConvergeOne, it is quality, cost and customer service that sets us apart. ConvergeOne is the source you can trust to meet your business goals. To learn more about our flexible, efficient, and cost-effective solutions, visit us online at convergeone.com/refurb or call us at 888.321.6227.
