

# The C1 Safer Schools Program: Protecting Every Step of the School Day

1

## Morning Commute - SmartRide

### On the School Bus

- Wi-Fi-enabled buses turn commutes into extended learning time.
- Real-time visibility with onboard cameras enhances safety for students and drivers.
- Route and rider management ensures efficient, secure transit for every student.

2

## Arriving at School - Total Security Network

### School Entrance and Playground

- Remote video monitoring keeps an eye on all campus activity.
- Instant lockdown capabilities ensure rapid response in emergencies.
- Threat detection for vaping and bullying enhances student well-being.

3

## Between Classes - Securing Student Spaces

### Hallways and Locker Rooms

- Surveillance systems monitor high-traffic areas for safety concerns.
- Secure access controls restrict unauthorized entry.
- Automated alerts notify staff of security incidents in real time.

4

## In the Classroom - Managed Internal Broadband Services (MIBS)

### Classroom and Learning Spaces

- Reliable, high-speed broadband ensures seamless digital learning.
- 24/7 proactive network monitoring prevents connectivity disruptions.
- Scalable network solutions adapt to classroom technology needs.

5

## After-School Activities - Securing Learning Beyond the Classroom

### Library, Labs, and After-School Programs

- Cybersecurity protections safeguard students using school networks.
- Cloud-based storage ensures secure access to student projects.
- Network reliability supports digital learning without interruptions.

6

## Heading Home - SmartRide in Action

### Evening School Bus Ride

- Wi-Fi access keeps students connected for homework and research.
- GPS tracking and route optimization ensure safe, efficient commutes.
- Live camera feeds provide real-time monitoring for administrators and parents.

7

## Peace of Mind - The Future of Safe Schools

The C1 Safer Schools Program provides a comprehensive security approach, ensuring students stay protected throughout their day—on the bus, on campus, and online.

## Explore C1's Safer Schools Program Today

Discover how C1's Total Security Network, Managed Internal Broadband Services, and SmartRide solutions can help your institution create a safer, more connected, and future-ready learning environment.
